5. Northern Caribbean University Church

I will work very closely with the pastor and the university church to build a stronger relationship with students.

6. Open day for Community folk!

I believe that Proverbs 14:34 is the text of stark relevance in Jamaica today; hence, I join with the speaker for Research week 2017 in a call for a certain voice and a decided stance against all forms of unrighteousness in Jamaica. I believe that stance will be more impactful if NCU joins or leads it. However, by capturing the concept of national involvement for the stemming of the tide of immorality and lawlessness, I will, from the office of VP of Spiritual Affairs start the process. My sector, along with collaboration from other interested parties, will host our community members on our campus! My team and I will be responsible for organizing a Mega Prayer Convention once per month and we will lead the community members in prayer. Security personnel will also be a part of it and other denominations as well. It will run from 6-7 am on a Wednesday. Be it first, second, third or fourth Wednesday of the month (depending on the feasibility) Something light will be provided for breakfast for our community members who attend.

Our Friends!

This is going to be a blast. No stone will be unturned, no effort unspent until this happens, until what happens preacher? Here goes: My team and I will invite different Adventist groups as well as non-Adventist outreach groups to be a part of a grand weekend program. Churches will be invited to share in or lead our vespers program from the Friday evening. Advent Fellowship, of UWI and UTech will be invited to share in the Sabbath school and divine service, AY STORM, from Montego Bay will be welcomed to do our AY and social, and will stay over for a grand Sunday morning breakfast, concert style, in the cafeteria! It will be.

Private prayer chamber!

This will facilitate individuals who want to meet whichever hour in the day to just come and pray. The idea is, there are many folks who do not wish to be public as in the Prayer Garden Noon day gathering. Therefore, we will work on the beautification of and the creation of an inviting ambiance in the prayer room in Cedar Hall and make it available to anyone who wishes to come for private prayer.
